

## MOONSTONE DESTINATIONS CAMBRIA AND SAN SIMEON

Nestled in the heart of California's dynamic Central Coast, Cambria and nearby San Simeon offer a wealth of unique scenery, attractions and experiences. The quaint village of Cambria, which unfurls beneath a dramatic backdrop of pine-studded knolls, boasts a variety of specialty shops, art galleries, antique stores, fine dining establishments and bakeries. The historic **Cambria Pines Lodge**, perched above the village, boasts five acres of artfully cultivated gardens, including a California native plant pathway that leads to the affiliated **Cambria Nursery and Florist**. Just north of the village, picturesque Moonstone Beach enchants visitors with its rugged shoreline and meandering boardwalk, which yields stunning Pacific vistas. Here, several **Moonstone Hotel Properties** showcase ocean views with individualized ambiance. The **Sea Coast Lodge** in San Simeon is a convenient destination for visitors to the extraordinary Hearst Castle. A northward trek along scenic Highway 1 leads to the Big Sur Coast, which is recognized as one of the world's most beautiful coastlines, while eastbound Highway 46 outside Cambria journeys into the heart of the Paso Robles wine country.
